

SV@ISS

ISS Sportverein Teams

The ISS Sportverein mission is to organize and promote competitive sports activities within ISS and the surrounding community, working hand-in-hand with ISS to further provide a greater school experience for our students and their families within the host country.

The ISS Sportverein teams compete in the local football and basketball leagues, and against other clubs in the Stuttgart area. ISS Sportverein teams may include athletes and coaches who are not part of the ISS community. These coaches are approved by the Sportverein Manager.

The Sportverein season lasts most of the school year. Most sports have practices which occur twice a week, unless restricted by gym space in the winter season. The basketball season runs all year long, September through June. Football (Soccer) and track and field teams from September through November, and then take a winter break from games, starting a new season for February through May.

Basketball, track and field and football matches are normally held at the weekend. Saturday and Sunday game schedules are established at the beginning of the school year.

Sportverein Membership and Fees

Membership in the ISS Sportverein is for one year and must be renewed annually. The annual membership per sport is 150€, for a second sport (except tennis and badminton) each member will be charged 50% of the per sport membership fee. The membership fee for tennis is 450€ due to the higher cost for coaches and the hire of the tennis courts. A try out period of two weeks (Schnupperwochen) will be offered for every sport at the start of each activity. Our competitive sports has an extra fee of 25€ (track and field, basketball and football).

Practices

At ISS, we strongly believe in quality participation. Athletes are expected to attend all scheduled practices. In the rare case that a student is unable to participate in practice, the coach is to be notified before the missed practice.
